

Brian Fitzgerald Band approx stage setup

PN

Our sound system can easily cover a 500 seater room & is adequate up to 800 seater. If a stadium sound is required we still prefer to do our normal set up & can supply a pair of outputs to a supplementary system. Right for vocals Left for all backing tracks & instruments

Dance Floor

2 X front of house speakers subs (Single or double 15")
2 X front of house speakers (Horn + 15")
Stands and necessary leads for above.
Amplifier for same.

2 X fold-back wedges + leads
fold-back amplifier

1 X 12 channel mixer
Reverb

CD player for background music
4 x vocal mics (shure beta) & leads
2 x microphone stands + 2 boom microphone stands.
1 x music stand

PN.
*We prefer the sound focused on the dance floor.
We don't wish to penetrate to the far corner of the room*
